

## Appendix 2: Interview guide

### Interview Guide

R: Asslamualaikum wr. wb, good afternoon Bu Dyah sorry for disturbing your time. Here, I want to ask you about the function of using code switching during the teaching and learning process. Are you ready to start the interview?

#### Educational Background

1. What is your educational background?

#### History of the Teaching Profession

2. How long you teach Ecnglish at SMPN 6 Malang?

#### Problems Related to Code Switching

3. What is your opinion about code switching?
4. Do you used code switching during teaching and learning process?
5. How often you used code switching in the classroom?
6. In what situation you used code switching?
7. What are the language that mostly used when you code switch in the classroom?
8. Do you code switch the language deliberately (any purposes or not?)
9. According to you, what is the function of using code switching during teaching and learning process?
10. Have you ever used code switching to reiterate or repeat your previous utterance which aims to clarify or emphasize the intent or meaning of the utterance? (for example: do you still remember? *kalian masih ingat?* Last week we learn about daily activities, *kemarin kita belajar tentang aktifitas sehari-hari*)
11. Why would you do that?
12. How often you do that?
13. Whether the code switching that you do can provide benefits in teaching and learning process in the calssroom?

14. What are the benefits?

15. What is the impact for students after you code switch the language when teaching and learning takes place?
